Coyote Brand® Fiber Blend AS-0912

Boost the fiber content of your products without adding viscosity or affecting taste. Gum Technology's Coyote Brand® Fiber Blend AS-0912 (a blend of Gum Arabic and Sugarcane Fiber) contains both soluble and insoluble fiber.

The American Dietetic Association recommends that the average person consume 20-30 grams of fiber a day. Unfortunately, most people only consume about half that amount. Studies have shown that a diet high in fiber lowers the risk of heart disease, lowers blood cholesterol levels and reduces the risk of some forms of cancer. It is also vital to maintaining good nutrition and a healthy digestive system.

Regulatory

Coyote Brand® Fiber Blend AS-0912 fully meets all specifications as outlined in the Food Chemicals Codex, and may be safely used as described in the Federal Register (21 CFR) 184.1330 and 170.30.

Coyote Brand® Fiber Blend AS-0912 is Kosher certified by the Orthodox Union (OU) and is GMO-Free.

Applications	Functions	Usage Levels
Beverages, dairy products & baked goods	Adds soluble & insoluble fiber	1.5 - 5.0 %

Physical/Chemical Specification

Form: Powder
Color: Off white to beige
Odor/Flavor: Neutral
Moisture: <14%
Mesh: 90% through a US Std. 80 mesh sieve
pH: 4.5 - 6.5 in a 10% solution
Viscosity: 5 - 75 cps (10% solution, Brookfield RVT, 20 rpm, spindle #1 @ 25 °C)
